we amended that motion so we don't necessarily have to be that formal. Who has list of names so we can arrange a meeting? Dustin thought it would be great if we could have that contractor look at pool first so we have his/her input for our meeting

We now need to follow the guidelines of the motion that was agreed on Saturday and allow the two committees to work together to understand the options and draft a RFQ for the pool repairs and probably separately for the building repair or replacement. No point in getting quotes from anyone in advance. I'd think the first thing we'd want to do along those lines is find an independent pool expert to inspect the pool - for a fee - to establish what needs to be done so we can send an identical RFQ to all the suppliers we'd ask to quote. We could share the evaluation that Dan Hyatt did a little over a year ago.....
 We need to let the Pool Maintenance & Improvement and Long Range Planning & Building Committies do their work. Any/all of us can/ should be on those committees. Shall we discuss which are more appropriate for each of one us?
 Ed.

I want to call asap. Master Pools is gone. Aqualine is good. I need that other company's name and let's get

their bid asap so we can move on this because I leave to go back east in +/- 2 weeks for my annual sojourn to take care of mom. All my neighbors and POAs are upset we did not get further and want to make sure decommissioning the pool is not an option so I need to do my part in the next 2 weeks. I called a couple other attorneys to get an opinion if need be, but now that I see the original deeds including a swimming pool as part of the membership, it is irrefutable, so we don't even need to go in that direction.
