Jean, you need to remove the libelous posts as you and Dan are inciting this community with inaccurate information. Take it down and let's move forward, and quit attacking as you seem to be bent on doing, without cause I might add. Good night!

Just Quit. I am tired and I used to litigate for a living, and you have exhausted me with the rants! Please let the Cove have peace. This may mean close this site. It has done terrible harm and no good from what I can tell. The Board squelches (censors) important and useful commentary, and all we receive is vitriolic diatribe instead. Most unfortunate.
