Can anyone explain this? Can't be our mailer can it; if not, whose/what??? Anyone know the Lemmons?

FYI, Chris Skinner has made it clear to Vasu that we demand a verifiable (anonymous or not) ballot process that precludes vote tampering, which the current does not. But we want to encourage folks to vote anyway. By the way, is the budget okay or do we want the new Board to do over with some added provisions for the pool ?

Again with the unwanted opinions...Do you people think we can't think for ourselves? Last time one of these mailings came out I opted out of receiving them BUT TO NO AVAIL. Now someone has obtained a copy of the ACBC mailing list again and used in for their own use. What does a person have to do to stop these unofficial club mailings? I can make up my own mind without these tactics.
