Subject: Epiphany or another flop?

Hi Carol,

An epiphany (maybe good/maybe not so good). So look, given all the changes in circumstances, the ballot really needs to go back to ground zero and go to the Pool Comm and Long Range Planning Comm to jointly refashion a ballot to submit to the board to massage and approve. How wise that is may depend on who is on said comms. And then again, to comport with task 3 of the motion, which the Board must do per the TRO, we are still bound to those comms who must be brought into play again.

This is sort of feeling like a damned if you do/damned if you don't situation. For continuity, I think the same comm members from last year need to continue this year, at least as it applies to the ballot they developed (so to speak) back then. Other matters could be taken on by the new(?) 2015 comm members.

Now if the ballot to go out is basically the same as it was resolved with the 2014 comms last summer, I retract all of the above, and that would be nice.

TallySantaHo,
Bob
