Please see below and give me your thoughts. My first inclination is to say--- no---we need the meeting. But--- my goal of the meeting was/is to get the mortgage option on the ballot. If the board is willing to put the option on the ballot ---*with the best possible loan terms available and without the "reserve" factored into the dues increase*---then we don't need the meeting.

Your thoughts

Dustin

Hi Dustin:

We are unable to get a mailing out until next week to notify people of a membership meeting due to board member's busy schedules so my overly optimistic hope of getting something in the mail in the next couple of days is not going to work out. As a result there can be no Special Membership Meeting on the 13th or 14th.

The Board is willing to give you plenty of time to present your proposal at the regularly scheduled May 11 meeting. This would avoid the high cost of sending an extra mailing and allow us to move forward. Is that agreeable to you? Please let me know so that we can plan accordingly.

Jean
