G'morni g. Will you help me write the note to committees and BOD? We have to be thoughtful and clear about what we say. This may be where they (Dan) will try to get us. We just need to be careful.

Hi Suzy,
 Actually the Oct '12 motion is a bit stronger. It says:

3) Upon completion of tasks 1 and 2, the Committee shall submit its findings to the Board and subsequently work with the Board to prepare an appropriate assessment ballot to be voted on by the members. Committee's findings shall be included, in full, with the ballot.

To preclude challenge, I think review, possible massage, and written approval of the draft ballot approval is essential.

Thanks,
 Bob

Bob,
 I am waiting for the board to respond. Are my facts correct?
 Suzy

Move forward Suzy as long as you have the facts and they can be verified. You know more than I do.

Fred

Hi everyone,
 I would like to send the "Joint Pool Committee" and the Long Range Planning Committee a draft of the ballot for the assessment so that we can have a final okay in keeping with the October 2012 motion which states it should be a joint effort between the two committees resulting in a recommendation to the BOD. I believe we already have had this informally, but thought it would be good to have it in writing so that we can document for the court.
 Let me know what you think...
 Suzy
