I think we need to revisit the cover letter in light of a lengthy Chris Nye opinion letter and expand on how the assessment revenue will be spent – outline of project plan.

We also need the newsletter to go with this.

It would also be great if we could commence the collection process by sending out

Fair Credit Collection Notices to those not in good standing at the same time.

That would be one mailing:

Newsletters to everyone and

good standing get ballot etc

not in good standing get a pre-collection notice

Subject: Assessment letter and ballot

All---I think we are basically ready to go with this ballot and letter.

We have the draft cover letter prepared by Kurt

We have the legal analysis letter from Chris Nye---coming

We have the ballot wording in the minutes

I think we blend those three together and call it a newsletter and assessment ballot.

Dustin
