Hello Aneta,

I've attached the pool log from August 28 to September 7. Although we've closed the pool, there are a few members who would like it to stay open for a while longer. If they prove willing to fund continued operation of the pool for a few more weeks themselves, I'll advise you immediately and see that logs are sent on a weekly basis until it finally closes.

Thanks once again for your patience and support this year.

Kind Regards,
Ed Delahanty.
