Hi Ed,

Here is a list of pool designers, I would suggest starting with lines 14 and 15. Mick Heintz is also very good but seems to have a very full plate right now.

I just want to mention again that if a designer tries to tell you that you do not need State plan review, do not believe it. I will work with you all through the process and you will end up with a very high quality facility.

Respectfully,

Paul J. Reeves
