There may be a \$100 discrepancy in what was reported.

Has to do with your funding of the cash box.

I'm asking WWS to track the entries.

We should have ended at \$0 not -\$100

Subject: Income for Pool

Suzie:

Could you please let me know the exact amount than was donated for swims, and confirm the income amount from the pool swims.

The 900 swims is not adding up to the income reported.

Check and Balances, needed.

I will appreciate it very much.
