Hi all,

Yes !!! I am typing up our proposal today and they will be ready for the board meeting on Saturday. Since the pool safety and operations committee have been working together during the last month we have made the proposal as a joint group. I will get this out to you ahead of time so you can review and make suggestions for changes at the meeting.

Thanks,

Suzy

Thinking about details of an imminent pool opening:

Ed, when DOH was here, they mentioned needing a waiver for not having some kind of sensor for when low water level might cause the pump to burn out. They said that there was a streamlined process for obtaining the waiver and that it was no hassle, but we would be required to obtain one. Do you recall what this is? Shouldn't we begin the process to get one?

Do the following require board action? If so, will we be ready at this week's meeting or will we need to call a special board meeting?

Set prices for pool use (single, punch card, family)

Hire lifeguards

Set hours & days of operation

Establish pool use rules

Establish procedures for sign-in, controls for cash, card issue, deposits, funding cash
box

Has the pool committee looked at the above issues? Are they ready to make proposals at this
BOD meeting?
