Hi all,

I am having an attitude change this AM and want to consider this polite response...

"Interesting suggestion and we appreciate your suggestion which will be considered. We understand your concern for fairness."

Make it short and sweet. I agree with Ed...bylaws dictate what we do...we could mention this as well. He is treating to take it to ND? Have at it...Dan could give him a bylaws lesson.

To the best of my knowledge it would take a Bylaws change for a plan like this to be implemented.

From his point of view it makes sense, but would make billing more complicated and probably wouldn't generate enough funds to fix the pool reasonably quickly.

Did we ever respond to this? He raises an interesting point, but at the moment I can't think of any basis in the By Laws for pro-rating the assessment like this.

BOD,

My name is Jim Daniel I am a member is good standing and live on Rickover Dr.

I'm Pro Pool and am more willing to pay my fair share of the cost to refurbish and maintain the existing pool.

Having purchased our home in ACBC in November we have not had the privilege of using the pool and it is with that in mind that I would appreciate your consideration on the following.

I feel in all fairness the people of the club that have reaped the benefits of the pool for years should be assessed more than those who have not been able to enjoy the facility.

As an example I would like to submit the following, dollar amounts could vary according to total amount needed. This is just an example.

Years/Member	Dollar Amount
20+	1200
19-15	1000

14-10	800
9-5	600
4-<1	400

Sincerely,

Jim Daniel

Ps, I'm thinking about posting this proposal on ND what are your thoughts on that?
