Hi Ed,,

I hope your morning is going well...

I talked with Carol yester day, and took a couple of her chores off her list,,

I have the schedule swimming hours, just need to know the times and the days, In the past the pool has been closed for 1 day each week to shock.

If you could send me the hours and the days, and weather there will adult lap swim or not, and also the

ACBC emblem, I can finish that up. I also have a chart for staff scheduling.

also, if you could please tell her that I did print out the MSDS for the cleaning products, and W4's for 2014..

And if you could ask if there is anything else I can do, to let me know...

I left Devon Shell (the life guard I mentioned) a message to call you if he is interested.

Thanks

Have a very blessed day

Trina
